

## – Profile:

I bring the teams I work for further with my passion for finding solutions, implementing improvements, and building new things. Let's meet to see what I can do for you.

## – Personal skills:

Passion for solving problems and finding creative solutions

Thrive on learning new technologies and concepts

Compulsive about details and process

Acknowledge when to reach out for guidance

## – Skills:

Angular  
Django  
jQuery & Ajax  
Flask  
Material  
Bootstrap

## – Competence:

Spring boot  
MySQL  
Java  
CSS, HTML, ES6  
Git version control  
Git Bash  
MongoDB  
Mongoose  
SocketIO Express  
AWS, Ubuntu

## Coding Dojo, 2019

### Languages:

- HTML5, CSS and ES5 - ES6
- Python
- Java
- MySQL

### Technologies:

- MongoDB & Mongoose
- Express & SocketIO
- Git & Git Bash
- Flask
- jQuery and Ajax

### FrameWorks:

- Built and deployed several applications in Flask, Django, Angular, and Spring. Connected applications to a MySQL or MongoDB server. Each app used RESTful routes with CRUD operations.
- Built several Api's with Express that used RESTful routes with CRUD operations.

## – Relevant Education:

## – Recent Work Experience:

### Online Coding Tutor:

Coding Dojo Tutor, 2019 - current

- Strong grasp of the basics of several coding languages programming frameworks and technologies.
- Aided students debug and gain an understanding of key concepts.

### Finishing Shop Manager:

Tschikof Cabinets, 2016 - 2019.

Coby Tschikof, co-owner 208 724 0019

- Learned new equipment and techniques quickly in a fast paced, deadline driven environment.
- Received three raises and promoted to an independent position.
- The company relied on me to preform the most detail and process intensive task, the final touches before the customer received product.
- Constantly researched and depllo improvements.

### Slip Pouring Facility Manager:

Mondae's Maker space, 2014 - 2016

Keren Brown, owner 208 407 3359

- Assisted with creating a specialized facility then promoted to manage it.
- Successfully re-factored working systems. Most of my solutions are in use today.

## – Community projects:

- Designed and painted the largest mural in Nampa, ID with another artist.
- Freelance graphic designer specializing in promotional materials.
- Devised and executed Instagram marketing campaigns for local businesses.
